## **VISIT TO FREIBURG CHRISTMAS MARKET**

There are still places available on our five-day bus trip to Freiburg from November 28 to December 2 to visit its lively Christmas market and the other attractions of our twin city. The trip will include an excursion to the lovely town of Colmar in Alsace with its own Christmas market.

A leaflet describing the trip is attached.

## **“PORTRAITS FROM FREIBURG”**

An exhibition of black and white photographs by talented Freiburg photographer Telemach Wiesinger is showing at Guildford House Gallery until September 1. It is a lovely collection of varied and interesting images produced by a creative artist and if you haven't already seen it a visit is recommended. It was good to see some Association members at the Private View on August 6

There is a Review of the exhibition on the Arts pages of the August 17 edition of the Surrey Advertiser
