

## **Guildford Borough Local Plan: strategy and sites: Examination**

### **Hearings commencing 5 June 2018**

#### **Inspector's Note accompanying the Hearings Agenda**

This is a new version of the hearings agenda and supersedes all previous issued agendas. Please note the following changes:

- Agenda items are re-numbered following additions and deletions from the agenda.
- Agenda Item 9, Spatial Strategy (26 June) is split into two sessions, with developer and landowner representatives participating in the morning, and individuals and interest group representatives participating in the afternoon.
- The contents of Agenda Item 9, Spatial Strategy, are clarified.
- The item on European Protected Sites, formerly within Agenda Item 9, is moved to 3 July and appears as Agenda Item 15.
- The session on boosting housing supply and early years provision (the follow up to Agenda Item 5) is now on 3 July.
- Items for discussion in respect of Wisley Airfield are set out under Agenda Item 18 (5 July)
- The Burnt Common slip roads (A43a) are now under Agenda Item 18, Wisley Airfield, rather than under Item 16, Send Marsh, Burnt Common and Garlick's Arch.
- There are some minor changes to the subheadings under the agenda items

#### **Please take careful note of the following.**

The hearings will only cover issues about which I require further information. I expect to go round the table once on each agenda item sub-heading. Rebuttals of others' contributions are not encouraged and I will act to prevent the repetition of points made by previous speakers. However, I may myself seek further comment in the interests of clarification, or where there is a matter that I need to pursue further.

Jonathan Bore  
INSPECTOR

20 June 2018  
V6

## **Guildford Borough Local Plan Examination**

**Hearings commencing 5 June 2018**

**Sessions start at 10 am each day and finish at 5 pm.**

### **AGENDA**

**5 and 6 June**

#### **Opening and appearances**

##### **1. The objectively assessed need for housing. (Matter 2)**

What figure should ensue from the following inputs, unaffected by the consideration of environmental constraints and unmet need:

- a) relevant and up-to-date evidence relating to population and household projections
- b) an effective market signals uplift that can be expected to improve affordability, having regard to the latest information on affordability trends
- c) the effect of growth in the student population on the housing stock, having regard to projected PBSA provision and the Plan's policy approach towards the provision of purpose built student accommodation
- d) forecast and historic employment growth trends
- e) a realistic approach towards meeting affordable housing need. (Note: the discussion on affordable housing thresholds is now agenda item 7 on 14 June.)

#### *Attendees*

## **7 June**

### **2. Potential adjustments to the housing figure.** (Matter 3)

- a) Unmet need in the HMA, from Woking
- b) Factors including Green Belt and landscape and environmental designations. This will be a high level discussion; the main spatial strategy discussion follows under item 11.

### **3. Overall housing requirement for the plan period.**

Taking the OAN (Q1) and potential adjustments (Q2), what should be the housing requirement in the Plan?

#### *Attendees*

**[23 participants]**

## **12 and 13 June**

### **4. The housing trajectory and 5 year housing land supply.** (Matters 4 and 5)

Is the Plan's trajectory a sound basis for meeting the housing requirement in the Borough?

- a) Is it a sound approach to set a housing delivery trajectory that is substantially lower in the early years than the OAN (and indeed the projected rate of completions)? In considering the reasonable alternatives, was account taken of the social and employment repercussions of not meeting the OAN in the early years?
- b) What is the realistic likelihood that the main A3 improvement scheme (and other major infrastructure works) will be completed in time to enable the full projected housing delivery to take place?
- c) In the event of delay in infrastructure provision, is the plan flexible enough to deliver the housing requirement? What adjustments might realistically be made?
- d) What should be the parameters for calculating the housing land supply, and on adoption, what would be the 5 year supply? Will it be maintained going forward?

### **5. Ways forward** (Matter 4)

Are there any measures that can be put in place to enable the plan to become more resilient against delays in infrastructure provision, and to boost housing supply in the early years? *This will be a positive and focused discussion about possible steps but will not seek at this stage to reach conclusions on appropriate solutions. It is likely that I will ask the Council to consider suitable measures and come back on this subject at a later hearing session. See agenda item 12.* Suggestions from representors have included:

- Infrastructure works to enable allocated sites to deliver earlier
- The enlargement of allocated sites, particularly those that can deliver early
- The identification of sites adjacent to the urban areas of adjacent boroughs (e.g. Godalming)
- Greater housing provision in and around inset villages
- Greater housing provision on town centre and brownfield sites
- More housing on sites beyond the Green Belt

- More flexibility towards land use changes (such as more flexible hotel, offices and employment land policies).

**Neighbourhood Plans – Thatchers Hotel will now be dealt with by way of written reps. Gosden Hill is addressed under agenda item 10.**

**Takeaway hot food outlets near schools - - this will now be dealt with by way of written reps**

**26 June**

**9. The spatial strategy (Matter 9)**

- a) Does the plan strike the right balance between development on
  - strategic areas of Green Belt release
  - town centre and urban sites
  - inset villages and village extensions
  - land beyond the Green Belt?
  
- b) Is the release of the proposed amount of land from the Green Belt justified by exceptional circumstances?
  
- c) Is the plan's approach towards protected landscapes (AONB, AGLV) sound?
  
- d) Is it sound to include new land in the Green Belt at Ash and Tongham?
