**APPENDIX I - Conditions**

## **1. Introduction**

Street Trading is defined as the selling or exposing or offering for sale of any article (including a living thing) in a street. Under the provisions of Schedule 4 to the Local Government (Miscellaneous Provisions) Act 1982, a Local Authority may designate streets within its district as “consent” streets in order to control street trading, whereby trading would not be permitted without the permission of the Authority.

In order to provide guidance to applicants and decision makers, The Council has adopted the following policy.

The aim of the Guildford Borough Council Street Trading Policy (the Policy) is to prevent obstruction of the streets of the Borough and ensure the safety of persons using them. In doing so, it recognises the importance of local businesses to the local economy and that occasional, community-run events and those of a similar nature, are important factors in the life of Guildford. The Policy also seeks to ensure that activities do not cause nuisance or annoyance to the people of the area.

This Policy will guide the Council when it considers applications under Schedule 4 of the Local Government (Miscellaneous Provisions) Act 1982. The Council has adopted this legislation and all streets have been determined as ‘consent’ streets. This means that anyone who wishes to trade on a consent street must hold a street trading consent. The definition does not include buildings themselves or commercial premises.

For clarification:

- A street includes a street, highway or other area to which the public have access without payment and as such any land adjacent to the street will also fall within the scope of this policy.
- There are some exemptions from requiring a consent to trade, including Markets established under a relevant grant.
- Street Trading is defined as “the selling or exposing or offering for sale of any article (or living thing) in a street” and any queries regarding the above can be dealt with by the Licensing service on a case by case basis.

Street trading during events, of both a community nature or commercial venture are subject of special provisions in Chapter 5 of the Policy.

Applicants should be aware that The Council is the land owner for some streets in the Borough for which there may be an additional charge and restrictions on availability.

## **2. Determining Street Trading Consent Applications**

### **2.1 Submission of the application**

An application for a Street Trading Consent must be made to the Council, and the following will be required to be submitted with the application:

- A completed Street Trading Consent Application Form.
- The payment of the full fee as appropriate for the periods of trading applied for. (The fee will be returned if the application is refused)
- Where the proposed street activity is from a fixed position, a copy of a map of a legible scale. The map should clearly identify the proposed site position.
- Colour photographs showing the front, side and rear aspects of the stall, van, barrow, cart etc that will be used for the street trading activity.
- One passport size photograph of the applicant.
- A basic disclosure certificate (dated within the last 3 years) for the applicant.
- A copy of a current certificate of insurance that covers the street trading activity for third party and public liability risks, to a minimum value of £5 million.

An applicant for a Street Trading Consent should allow a minimum of 60 days for the Council to carry out consultation and process any application.

### **2.2 Consultations**

Before a Street Trading Consent is granted the Council will carry out a consultation process with various persons and groups on all applications. In particular the following organisations or persons will be consulted where appropriate:

- Guildford Borough Council Economic Development
- Guildford Borough Council Environmental Health Service (including Environmental Control and Food and Safety Teams)
- Guildford Borough Council Estate Management
- Guildford Borough Council Planning
- Guildford Borough Council Town Centre Management
- Surrey County Council Highways
- Surrey Fire & Rescue Service
- Surrey Police
- The appropriate Local Ward Councillor(s)
- The appropriate Parish or Town Council
- The Guildford Business Improvement District

In addition to the above, further consultations may be carried out with property owners and occupiers in the vicinity of the proposed site who may be affected by the application. This consultation will be by the Council requiring the applicant to notify the relevant property owner/occupiers in writing, or by requiring the applicant to erect a notice at the proposed site for the

consultation period. If the applicant is asked to carry out this further consultation and does not carry this out to the Council's satisfaction, the application may be refused.

Written representations from the above organisations and occupiers of properties will be taken into consideration when determining an application.

The Council will take into account any representations made by a person, business or body that is likely to be directly affected by a successful application. In addition, the representation must not be vexatious or frivolous and should concern itself only with matters likely to be affected by a successful application.

The consultation period will run for 28 days. Responses received after this period will only be considered at the discretion of the Licensing Team.

### **2.3 Site Assessment**

Street Trading Consents from static locations will not normally be granted where:

- A significant effect on road safety would arise either from the siting of the trading activity itself, or from customers visiting or leaving the site, or
- Where there are concerns over the recorded level of personal injury accidents in the locality where the street trading activity will be sited, or
- There would be a significant loss of amenity caused by traffic, noise, rubbish, potential for the harbourage of vermin, odour or fumes, or
- There is already adequate like provision in the immediate vicinity of the site to be used for street trading purposes, or
- There is a conflict with Traffic Orders such as waiting restrictions, or
- The site or pitch obstructs either pedestrian or vehicular access, or traffic flows, or places pedestrians in danger when in use for street trading purposes, or
- The trading unit obstructs the safe passage of users of the footway or carriageway, or
- The pitch interferes with sight lines for any road users such as at road junctions, or pedestrian crossing facilities, or
- The site does not allow the Consent Holder, staff and customers to park in a safe manner, or
- The street trading activity is carried out after dusk and the site is not adequately lit to allow safe access and egress from the site for both customers and staff.

Trading from lay by locations is restricted to sites which provide:-

- Sufficient width to allow vehicles to park and pass.
- Sufficient length to allow several large vehicles to park without causing congestion.
- A verge (minimum width 1 metre) physically separating the lay by and the highway.

## **2.4 Criteria used to determine the Application**

The Council will use the criteria listed in this Policy below in determining any applications for Street Trading Consents. Any representations received will be considered against these criteria. All criteria should normally be satisfied, with equal weight applied to each of the criteria listed. Each case will be assessed on its merits and individual circumstances, where appropriate, may be taken into consideration.

**Public Safety:** The location of the proposed street trading activity should not present a substantial risk to the public in terms of road safety, obstruction and fire hazard. The term “public” refers to both the applicant’s customers and other members of the public using the street. In particular reference will be made to the guidelines set out in section 2.3 on site assessment criteria.

**Public Order:** The street trading activity should not present a risk to good public order in the locality in which it is situated.

**Avoidance of Nuisance:** The street trading activity should not present a substantial risk of nuisance from noise, rubbish, potential for the harbourage of vermin, smells or fumes to households and businesses in the vicinity of the proposed street trading site.

**Character of the Area:** In determining the area for the proposed activity, the following will be taken into consideration:

1. The presence of like outlets already existing in the immediate locality of the proposed street trading site.
2. The general needs of a locality, should no comparable outlets exist. Applicants may be asked to demonstrate to the Council the need for the proposed street trading activity.
3. The quality of the goods sold by the applicant.
4. The appearance of the applicant’s stall, van, barrow, cart etc.

**Compliance with legal requirements:** The proposed street trading activity should be carried out from a trading unit that complies with all relevant legislation such as food hygiene and health and safety.

**Consultees’ Observations:** In relation to the points above, consideration will be given to written observations from consultees. Any representations made to the proposed street trading activity will be considered in terms of relevance to the application that has been made.

## **2.5 Approval of Applications**

The Council may approve applications meeting the criteria contained within these guidelines. On approving the application the Council will issue a Street Trading Consent to which conditions will be attached. The Consent will also contain specific terms such as days and hours when street trading is permitted and the goods that may be sold. A copy of the Council's standard conditions, which will be attached to Street Trading consents, are shown at Appendix I. Additional conditions may be attached if the Council considers it appropriate in the circumstances of any particular case.

The Council generally will only permit street trading between 07:00 and 23:00. Street Trading outside these hours will be assessed in terms of the criteria detailed above. The Council however retains the right to specify permitted hours of trading that are less than those specified above in appropriate circumstances.

Should a trader wish to trade for more than 28 days in one location, they will be required to obtain planning permission from the Council before any consent is granted.

Traders who have consent to trade in the town centre will not be able to do so on Market days, or at a time where there is an event of cultural, community or historical significance taking place in the town centre.

The conditions attached to the Consent form part of the approval to carry out street trading in the Borough of Guildford. Conditions must be complied with at all times and failure to do so could lead to the Consent being revoked, or not renewed. Consent Holders must therefore familiarise themselves with the terms and conditions attached to the Street Trading Consent and comply with the requirements.

## **2.6 Issue of Street Trading Consents**

A Street Trading Consent for any particular site will be issued for a period of 12 months. Shorter term Consents, for example for one off events, for a certain number of days or for seasonal trading may be issued depending on local circumstances.

The Consent granted is specific to the person to whom it is issued and is non-transferable and there can be no sub-letting.

In all cases when a Consent has expired, and an application has not been submitted to the Council for renewal, a new application will have to be made. In such cases the application will be required to go through the full consideration process outlined in these guidelines.

No trading is permitted until a consent has been granted.

## **2.7 Decision to refer applications to the Licensing Regulatory Sub-Committee**

Applications which attract representations which are considered to be relevant or which do not meet the criteria in this policy may be determined by the Licensing Regulatory Sub-committee. A representation will be considered to be relevant if it is made by a person, business or body that is likely to be directly affected by a successful application. In addition, the representation must not be vexatious or frivolous and should concern itself only with matters likely to be affected by a successful application.

The Local Government (Miscellaneous Provisions) Act 1982 does not make provision for an unsuccessful applicant to appeal against the decision of the Council in relation to the refusal of Street Trading Consents.

## **3. Fees**

A fee is payable for Street Trading Consents and payment should be made on application or renewal.

The fee will be refunded if an application is refused.

If a consent is surrendered or revoked, the Council may, at its discretion, refund all or part of the fee if considered appropriate in the circumstances.

Fees are reviewed annually and published on the Council's website.

## **4. Conditions**

Consents will be subject to Standard Consent Conditions in all cases in order to promote public safety and avoid obstructions, nuisance and annoyance. Other conditions may be attached to a Consent and will be relevant to the category of Consent issued and the nature of the local environment. The Council's Standard Consent Conditions can be seen in Appendix I.

The Council may at any time vary the conditions of a Street Trading Consent.

## **5. Street trading during events**

This Policy recognises that street trading will take place at various events throughout the Borough and aims to promote and support the organisers of events and encourage traders to attend. The Policy recognises that events take place for different reasons, from small scale events for charitable or community purposes to larger scale commercial ventures.

Community and Charity events are important in terms of promoting local causes and participation in local matters. The Council should assist organisers of these types of events in order to encourage community engagement. It should also be recognised that Commercial events have an importance to the district in terms of promoting tourism and economic growth and that The Council should also assist organisers of commercial events. It should be recognised that The Council does also have a regulatory role to protect the public and existing businesses at any event.

Recognising the difference between the two types of event, as such the Council's Street Trading Policy and any fees payable distinguishes between the two categories, Community/Charitable events; and Commercial Events:

**Community and Charitable events:**

Community and similar events will normally be organised by a Town or Parish Council, Guildford Borough Council or by a recognised group or charity with aims of engaging with and providing support to the local community. Any trading activity will be incidental to the event and where the event organiser does not charge a pitch or similar fee to trade at the event.

A nominal administration fee may be charged to authorise street trading at an event of a community or charitable nature.

**Commercial events:**

Commercial events will normally be organised by an independent person or group as a commercial venture, with aims of attracting the wider community for a commercial purpose. Trading will be the main feature of the event and where the event organiser charges a pitch or similar fee to trade at the event.

The Council's full street trading application fees will be charged to authorise street trading at an event of a commercial nature.

Each special event application will be judged according to its merits and may be referred to the Licensing Regulatory Sub-Committee for determination.

At such special events the Council may issue one single use Consent to the person organising the event to authorise trading which takes place.

The decision as to whether an event falls within the Community/Charitable or Commercial Fee structure rests with the Licensing Team, with the Officer's decision being final. Event organisers are recommended to contact the Licensing Service at the earliest opportunity in order to discuss what consents may be required for their event.

**6. Enforcement**

The Council aims to work closely with other enforcement authorities to enforce the provisions of all appropriate legislation.

Obtaining a Consent does not confer the holder immunity in regard to other legislation that may apply, e.g. Public Liability, Health & Safety at Work, Food Hygiene and Safety, Alcohol and Entertainment Licensing, Planning controls, and applicants must ensure all such permissions, etc. are in place prior to trading.

Holders of a Pedlar's Certificate are permitted to move around to sell their goods, however must not stay in one location offering their goods for sale. Pedlars selling goods in one spot will fall within the scope of Street Trading and as such will require a consent.

Where street trading activities are conducted without appropriate Consents the Council will investigate and take appropriate enforcement action in accordance with its Enforcement Policy. This will include asking those trading without a consent to cease the activity and leave the area, but may also include formal action.

The Council will ask traders causing a nuisance to cease the activity that they are conducting and leave the area.

## **7. Review Procedures**

This Policy will be reviewed from time to time should changes occur in relevant legislation, the nature of street trading generally or as a result of local considerations within the Guildford Borough. In any case, this Policy will be reviewed within five years of adoption or as a result of any major legislative changes.
