

Guildford Borough Council

Addendum to GBC response to Item 5 Ways Forward and Item 14 Boosting housing supply and early years provision

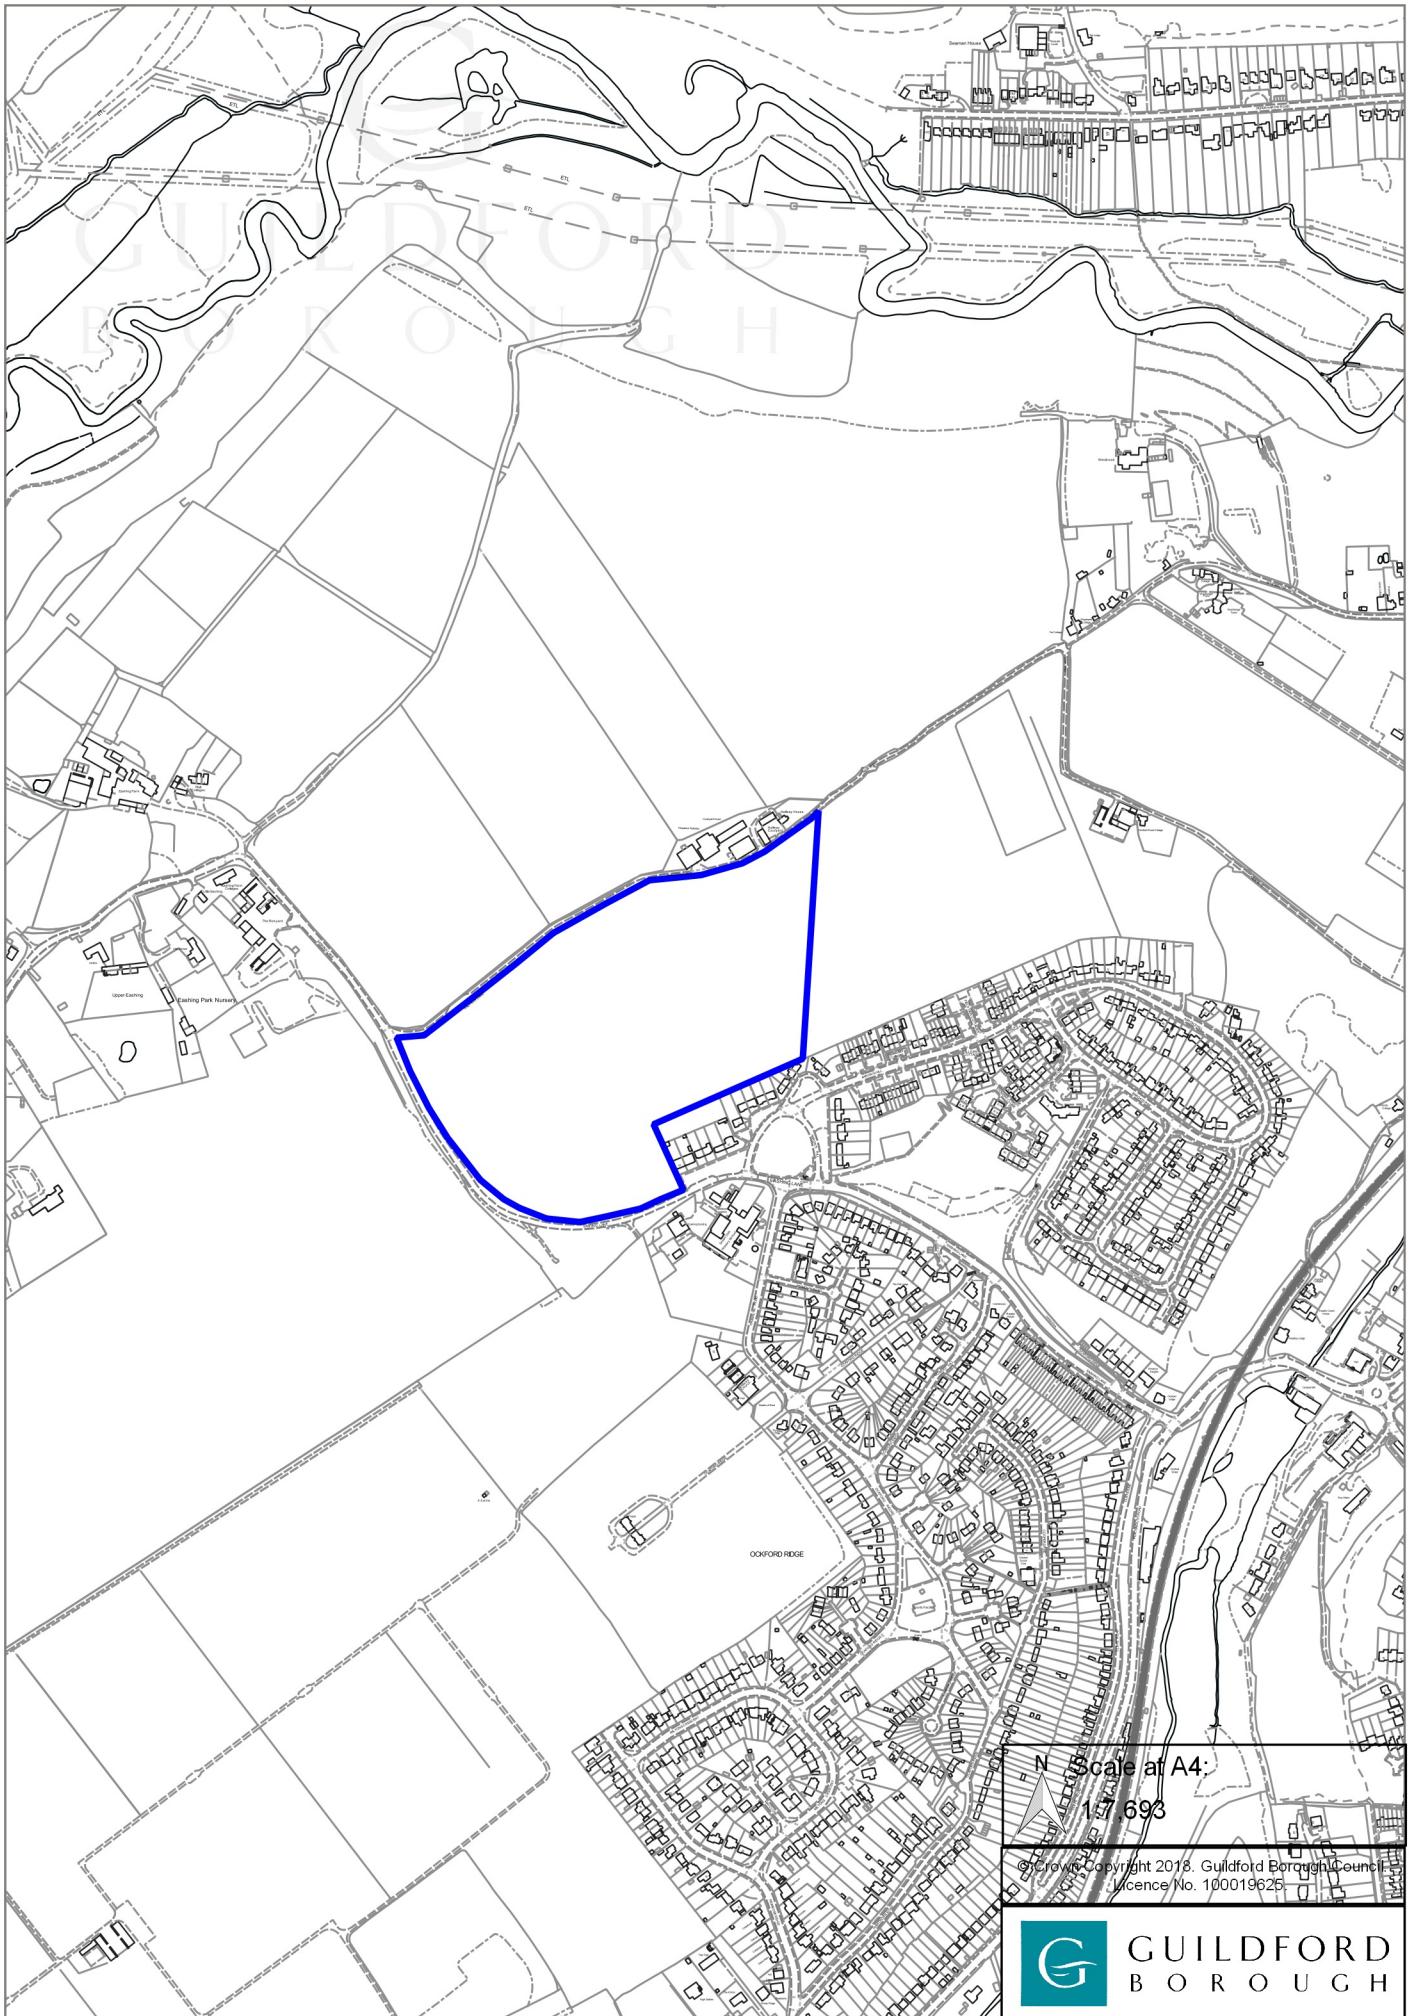

The addendum provides additional information concerning the sites described at paragraph 4 of the Council's response to Item 5 Ways Forward and Item 14 Boosting Housing Supply and Early Years Provision (GBS-LPSS-020).

At paragraph 4 of the Council's response, five potential sites are identified as being the most appropriate candidates for realistically increasing the supply of homes in the early years of the plan (in preferred order):

- Increased Capacity at Garlick's Arch – 150 homes (LAA Site 2258)
- Urban extension at Aarons Hill, Godalming – 200 homes (LAA Site 2254)
- Village extensions at:
 - East of Glazier's Lane, Flexford – 105 homes (LAA Site 2010)
 - Hornhatch Farm, Chilworth – 80 homes (LAA Site 2032)
 - Alderton's Farm, Send Marsh – 120 homes (LAA Site 29)

The Site Map for each of the sites mentioned above is provided on the remaining pages of the addendum (except for Garlick's Arch, which is provided as a site allocation A43 in the Plan).
