

# **Guildford Borough Council: Infrastructure Funding Statement 2019 - 2020**

Regulation 121A of The Community Infrastructure Levy Regulations 2010, as amended, requires any authority receiving contributions through Community Infrastructure Levy (CIL) and / or through planning obligations must produce an annual Infrastructure Funding Statement (IFS)

The Regulations further require the IFS to comprise;

- (a) a statement of the infrastructure projects or types of infrastructure which the charging authority intends will be, or may be, wholly or partly funded by CIL.

This is “**The Infrastructure List 2020**” and it is attached at Appendix 1.

- (b) a report about CIL, in relation to the previous financial year.

This is “**The CIL Report 2020**” and it is attached at Appendix 2.

- (c) a report about planning obligations in relation to the reported year.

This is “**The Section 106 Report 2020**” and it is attached at Appendix 3.

The documents combined comprises Guildford Borough Councils Infrastructure Funding Statement 2020.

## **APPENDIX 1**

### **The Infrastructure List 2020**

This list is required to be published by Regulation 121A of the Community Infrastructure Levy Regulations 2010, as amended. The Regulations require that this list comprise a statement of the infrastructure projects or types of infrastructure which the charging authority intends will be, or may be, wholly or partly funded by a Community Infrastructure Levy.

In this regard, Guildford Borough Council (GBC) has not yet introduced a CIL (see GBC website: <https://www.guildford.gov.uk/localplan/cil> for further information on the process). Thus, an infrastructure list as per Regulation 121A has not been published.

#### **Infrastructure Projects**

None.

#### **Infrastructure Type**

None.

Note: an Infrastructure Schedule (IS) is included as part of [the Guildford borough Local Plan: strategy and sites, 2015 - 2034](#) (LPSS) at appendix 6. The IS sets out the key infrastructure requirements on which the delivery of the plan depends. It is not an exhaustive list of all infrastructure that will be provided or improved in the borough during the plan period. The IS includes information on infrastructure projects or types of infrastructure that will be delivered, when, by whom, and their likely costs (where known). The IS also reflects the anticipated funding source for the infrastructure type/projects identified. This includes an indication of where developer contributions will be expected to fund or partially fund infrastructure projects.

## **APPENDIX 2**

### **The CIL Report 2020**

This report is required to be published by Regulation 121A of the Community Infrastructure Levy Regulations 2010, as amended. The Regulations require that the report includes information about the Community Infrastructure Levy (CIL) for the previous financial year.

Guildford Borough is not a CIL collecting authority and accordingly it has received no monies under CIL during the previous financial year.

## **APPENDIX 3**

### **The Section 106 Report**

This report is required to be published by Regulation 121A of the Community Infrastructure Levy Regulations 2010, as amended, and must include the matters specified in paragraph 3 of Schedule 2 to the Regulations.

Matter required by Para 3 of Schedule 2	Details
(a) the total amount of money to be provided under any planning obligations which were entered into during the reported year	<p data-bbox="1032 253 1420 284">Infrastructure Contributions</p> <p data-bbox="1032 309 1240 339">£8,988,565.58</p> <p data-bbox="1032 421 1968 509">Sustainable Alternative Natural Green Space (SANG) &amp; Strategic Access Management and Monitoring (SAMM) Contributions</p> <p data-bbox="1032 531 1240 561">£3,991,045.67</p>
