1. Introduction

- 1.1 The Council seeks to ensure that there are enough decent homes, in suitable locations, for everyone in our community in keeping with the Government's aim for sustainable and mixed communities. Historically, Travellers have been an important part of the local community in the borough and will remain so in the future. As such, the Council is committed to securing better and sufficient accommodation for Travellers in the borough, promoting integration with other housing types, helping to improve social outcomes and opportunities and providing more certainty for the community.
- 1.2 Historically, Traveller accommodation has been clustered in a small number of areas of the borough. In securing better integration and social cohesion, small-scale provision of a number of pitches and plots in a range of locations across the borough is considered the more desirable approach.
- 1.3 Planning Policy for Traveller Sites ('PPTS') (2015) requires the Council to:
- Make its own assessment of the need for Traveller accommodation for the purposes of planning in our borough,
 - Develop fair and effective strategies to meet the identified need through the identification of land for sites,
 - Protect the Green Belt from inappropriate development,
 - Promote more private traveller site provision and reduce unauthorised development,
 - Identify deliverable sites to provide five years' worth of accommodation against a locally set target, and
 - Identify developable sites or broad locations for growth for the next six to ten years and where possible 11-15 years.
- 1.4 The identified need for Traveller accommodation in Guildford borough is set out in the Traveller Accommodation Assessment (TAA), June 2017.
- 1.5 As with other types of housing, the Land Availability Assessment (LAA) identifies land in the borough that is a realistic '*deliverable*' or '*developable*' candidate for development for Traveller accommodation. In identifying these sites, the LAA has deployed the methodology as set out in Appendix 1: Methodology¹. However, for the assessment of Traveller accommodation, no minimum site size threshold has been used, which means that sites that could accommodate even just one Traveller pitch or Travelling Showpeople plot have been considered.

¹ See National Planning Practice Guidance PPG (Guidance category – Housing and Economic Land Availability Assessment)

2. Planning for the needs of our Traveller and Travelling Showpeople community

- 2.1 The Government published an update to the National Planning Policy Framework ('NPPF')² in September 2023. An updated Planning Policy for Traveller Sites ('PPTS')³ was published in August 2015. The NPPF (paragraph 60) states that;

“To support the Government’s objective of significantly boosting the supply of homes, it is important that a sufficient amount and variety of land can come forward where it is needed, that the needs of groups with specific housing requirements are addressed and that land with permission is developed without unnecessary delay”⁴.

- 2.2 PPTS states that local authorities should set targets for Traveller accommodation that address the identified needs⁵. Additionally, local authorities are required to identify a supply of *deliverable* sites to meet the need for Traveller accommodation for the next five years, and identify sufficient *developable* sites or broad locations with potential to meet the need for Traveller accommodation arising in the 6 – 10 and 11 – 15 year periods of the Local Plan.
- 2.3 The definitions of what constitute '*deliverable*' and '*developable*' sites are set out in the PPTS, on page 3, footnotes 4 and 5. PPTS Footnote 4 states: 'To be considered deliverable, sites should be available now, offer a suitable location for development, and be achievable with a realistic prospect that development will be delivered on the site within five years. Sites with planning permission should be considered deliverable until permission expires, unless there is clear evidence that schemes will not be implemented within 5 years, for example they will not be viable, there is no longer a demand for the type of units or sites have long term phasing plans'. PPTS Footnote 5 states: 'To be considered developable, sites should be in a suitable location for traveller site development and there should be a reasonable prospect that the site is available and could be viably developed at the point envisaged'. PPTS (2015) amends the definition of travellers for the purposes of planning to exclude those travellers that have ceased to travel permanently.
- 2.4 The Council's adopted Local Plan identifies and allocates a number of sites to help meet this need, reflecting the Council's duties with regard to equality in plan-making functions, to have regard to the needs of ethnic groups including Gypsies and Travellers, alongside the NPPF requirement to plan for the housing needs of groups with specific housing requirements.

⁵ Planning Policy for Traveller Sites 2015 para 9: Local planning authorities should set pitch targets for gypsies and travellers as defined in Annex 1 and plot targets for travelling showpeople defined in Annex 1

3. Preparing the LAA for Traveller and Travelling Showpeople provision

- 3.1 As noted previously, the LAA has been prepared using the methodology set out in PPG (Guidance category – Housing and Economic Land Availability Assessment). A minimum site size threshold is not used for the assessment of Traveller accommodation, and sites that could accommodate one pitch or plot have been considered.
- 3.2 NPPF and PPG set out how to assess suitability, availability and viability of land of potential development. In addition, to assist with the assessment of potential Traveller sites, we have had regard to [Designing Gypsy and Traveller sites good practice guide](#) (2008, withdrawn September 2015) and professional experience. Whilst the good practice guide has been withdrawn, it contains useful information about site layout.
- 3.3 Since the preparation of the first Traveller SHLAA, Council officers have liaised with key stakeholders, including members of the Traveller community and landowners of sites providing Traveller accommodation. We have also had input from the Traveller Forum, which consisted of representatives from the Traveller communities, parish councils, Guildford Borough councillors, Surrey Police and Guildford Borough Council officers. Council officers also organised two minority group engagement events to encourage involvement in the preparation of the Local Plan, which were well-attended by the Traveller community. Engaging more with our Traveller community has helped us to understand concerns about accommodation and the planning process.

4. Our aims

- 4.1 Our corporate plan (2021-2025)⁶ demonstrates our commitment to residents having access to the homes and jobs they need. Some members of our Traveller community live in crowded accommodation and we want to secure better living conditions moving forward.
- 4.2 It is our aim for new Traveller accommodation in Guildford borough to be high quality and, where possible, integrated with bricks and mortar housing. We wish to avoid large sites and stand-alone Traveller accommodation where there is limited opportunity for daily integration with members of the settled community. We are used to seeing flats, houses, bungalows, student accommodation and care homes on our streets and our aim is for small scale Traveller accommodation to be included within this mix.
- 4.3 Planning applications for development of Traveller accommodation may come forward on land that we have not identified in this LAA. Any planning permission for permanent Traveller accommodation will count towards meeting the identified need. This LAA identifies

⁶ Available online at: <http://www.guildford.gov.uk/corporateplan>

land that meets the assessment criteria. In view of this, and the need to provide flexibility, more land than may be needed to meet the identified traveller accommodation need is highlighted in this LAA.

5. Delivery mechanisms

- 5.1 The upfront costs of providing Traveller accommodation often delay private provision. Particular difficulty can be paying the planning contributions required on commencement of the planning permission, particularly the Thames Basin Heaths Special Protection Area (TBH SPA) contribution. The cost to the Council of providing public Traveller accommodation is approximately £125,000 to £150,000 per pitch but can be higher. This includes the cost of assessing sites, gaining planning permission, planning contributions, infrastructure and building.

6. The identified need and requirement

Gypsies and Travellers and Travelling Showpeople meeting the PTTS definition

- 6.1 The Guildford borough Local Plan: strategy and sites (2015– 2034) Policy S2: ‘Planning for the borough – our spatial development strategy’ identifies a requirement of 4 permanent pitches for Gypsies and Travellers and 4 permanent plots for Travelling Showpeople (as defined by Planning Policy for Traveller Sites (PPTS)) between 2017 and 2034.
- 6.2 This figure was established through consideration of the TAA⁷ (June 2017) which identifies the accommodation need for Travellers meeting the PPTS planning definition as reflected in Table 1 below.

Time Period	Pitches for Gypsies and Travellers meeting planning definition	Plots for Travelling Showpeople meeting planning definition
2017-2022	2	3
2022-2027	1	0
2027-2032	1	1
2032-2034 (2-year period)	0	0
TOTAL (over plan period)	4	4

Table 1: Summary of additional pitches and plots for travellers (as defined by PPTS) required over Local Plan period 2017-2034.

Gypsies and Travellers and Travelling Showpeople not meeting the PPTS definition

6.3 The TAA 2017 has also assessed the needs of travellers who do not meet the PPTS planning definition of a traveller as they have ceased travelling permanently. This is reflected in Table 2 below.

	Pitches for Gypsies and Travellers not meeting planning definition	Plots for Travelling Showpeople not meeting planning definition
Total (over period 2017-34)	41 (+8 for travellers of unknown planning status)	4

Table 2: Summary of additional pitches and plots for travellers (not meeting the PPTS definition) identified in the TAA 2017.

6.4 The total accommodation need combining the different planning definitions of travellers includes:

- a need for 53 pitches for Gypsies and Travellers (both meeting the planning definition (4) and those not meeting the planning definition (41) as well as those of unknown planning status (8)).
- a need for 8 plots for travelling showpeople (both meeting the planning definition (4) and those not (4))

6.5 It is worth noting that on 31 October 2022 the Court of appeal ruled in favour of Lisa Smith, the Appellant v the Secretary of State for Levelling Up, Housing and Communities and North West Leicestershire District Council. The Court of Appeal found that excluding Ms Smith from the PPTS 2015 definition of a Gypsy and Traveller on the grounds that her family had ceased to travel for economic purposes due to her family’s significant health and social needs was discriminatory.

6.6 The Judge concluded that the consequences of this outcome for future decision-making on planning applications and appeals in which the relevant exclusion is engaged will depend on the particular circumstances of the case in hand. It will be for the decision-maker to assess when striking the planning balance what weight should be given, as material considerations, to the relevant exclusion and to such justification for its discriminatory effect. The result of that process of decision-making will emerge from the facts and circumstances of the individual case.

7. Meeting need

Local plan provision

- 7.1 The Local Plan: strategy and sites makes provision for 4 permanent pitches for Gypsies and Travellers and 4 permanent plots for Travelling Showpeople (as defined by PPTS) within Guildford borough between 2017 and 2034. Whilst the needs of Gypsies, Travellers and Travelling Showpeople who do not meet the PPTS planning definition fall outside this allocation, in order to meet their assessed needs the Council seek to make provision for 41 permanent pitches for Gypsies and Travellers and 4 permanent plots for Travelling Showpeople who do not meet the planning definition. The Council also seek to make provision for 8 permanent pitches to meet potential additional need of households of unknown planning status. A total of 57 Gypsy and Traveller pitches (net) and 8 Travelling Showpeople plots (net) have been identified in the Local Plan site allocation policies, which includes a buffer of 4 additional pitches should some allocated sites not come forward.
- 7.2 The allocated sites for Gypsy and Traveller pitches are:

Policy	Site allocated for Gypsy and Traveller pitches	Allocation
A24	Slyfield Area Regeneration Project, Guildford	6 public pitches
A25	Gosden Hill Farm, Merrow Lane, Guildford	6 public pitches
A26	Blackwell Farm, Hogs Back, Guildford	6 public pitches
A35	Former Wisley Airfield, Ockham	8 public pitches
A43	Land west of Winds Ridge and Send Hill	2 public pitches

7.3 The allocated sites for plots for Travelling Showpeople are:

Policy	Site allocated for Travelling Showpeople Plots	Allocation
A41	Land at Garlick's Arch, Send Marsh and Ripley	6 private plots
A47	Whittles Drive, Normandy	2 private plots (net) (14 gross)
Total	-	8 private plots in total

Supply and trajectory

7.4 Tables 5 and 6 (below) set out the Council's supply and anticipated trajectory for the delivery of Traveller pitches and Travelling Showpeople plots. The tables set out the number of Traveller pitches and Travelling Showpeople plots that could reasonably be expected to be delivered in the borough. The table is ordered in line with the Local Plan allocated sites site ID but is updated to take into account planning permissions, including permissions on sites not allocated (see the following section on permanent planning permissions). There is more information about some of the sites in the following notes and tables and in Appendix 2 'Realistic candidates for Development'.

Permanent planning permissions for Gypsies and Traveller pitches

7.5 The following are permanent planning permissions for Gypsies and Traveller pitches:

- There is an extant permission (for 3 pitches net) on Land South of Guildford Road, Ash (see note 1). One of these pitches has been built since January 2017. **Net 1 pitch delivered, 2 outstanding pitches.**

¹⁵ See "Note 2" for permanent planning permission detail, approved 9/04/19.

¹⁶ See "Note 2" for permanent planning permission detail, approved 9/05/17.

¹⁷ See "Note 2" for permanent planning permission detail, approved 8/11/19.

¹⁸ See "Note 2" for permanent planning permission detail, approved 21/02/20.

¹⁹ See "Note 2" for permanent planning permission detail, approved 17/02/21.

²⁰ See "Note 2" for permanent planning permission detail, approved 24/02/20.

²¹ This total does not reflect any net losses in pitch numbers.

²² See "Note 6" for permanent planning permission detail, approved 1/6/22.

- Permanent planning permission has been granted for 26 (net) permanent pitches between 27 January 2017 to 31 March 2023 (see note 2). Two of these pitches were granted permission on 13/11/18 but do not count as meeting our need as they were built and occupied prior to January 2017 and were accounted for in the TAA 2017. As such they do not contribute towards meeting the traveller accommodation target (see note 3). Outline planning permission was approved for 6 pitches at Weyside Urban Village and delivery is anticipated to be in 6 to 11 years time (see note 2). **Net 30 pitches: 17 pitches delivered, 13 pitches outstanding.**
- Loss of 1 permanent pitch at 47 Station Rd East, Ash Vale (see note 4). **Minus 1 pitch.**
- **Total 3 + 30 – 1 = 32 pitches granted planning permission (net)**

Note 1 – permanent permission granted 2013 with extant pitches

7.6 Planning permission granted in 2013 (see table 7 below) for 4 pitches has been partially implemented by building 2 pitches, 1 of which can count as delivered since January 2017. The remaining 2 pitches are expected to be delivered in the next 5 years, as reflected in the trajectory.

Note 3 – pitches not counted towards accommodation target

7.8 A further 2 pitches were granted permission between 27 January 2017 to 31 March 2023 (see table 9 below). Whilst the planning permission was pending awaiting the signing of a Section 106 agreement they were built and occupied at the time of the Traveller Accommodation Assessment (TAA) 2017. They were therefore included within the TAA baseline of existing private pitches as they were occupied (albeit without planning permission). As such they do not contribute towards meeting the traveller accommodation target. They have therefore not been included in the trajectory in table 5 above.

Temporary and time-limited planning permissions for traveller accommodation

7.11 Temporary planning permission has been granted for 2 existing pitches at appeal. The pitches are within the Green Belt. These sites are included within this document for information, due to their temporary nature they do not count towards meeting the traveller accommodation target and are not included in Table 5 and Table 8 above.

Permanent planning permissions for Travelling Showpeople plots

7.12 The following are permanent planning permissions for Travelling Showpeople plots:

- Permanent planning permission was approved for 6 Travelling Showpeople plots at Garlicks Arch. **6 plots outstanding.**

8. Current position and five-year traveller land supply

- 8.1 The LAA identifies sufficient pitches and plots to meet the needs of our travelling community within Guildford borough. The identified needs for Gypsies, Travellers and Travelling Showpeople who meet the definition of a traveller as set out in Planning Policy for Traveller Sites are set out within the GBC Traveller Accommodation Assessment as 4 pitches and 4 plots over the plan period. The LAA identifies land for permanent pitches and plots to meet these needs.
- 8.2 The LAA also identifies sufficient sites to meet the needs of travellers within our area who do not meet the Planning Policy for Travellers Sites definition of a traveller (the GBC Traveller Accommodation Assessment identifies this as 41 pitches and 4 plots). Provision is also identified for permanent pitches to meet potential additional need of local households of unknown traveller planning status (8 pitches).
- 8.3 The total identified supply of pitches in both the Guildford borough Local Plan and the LAA is greater than the identified traveller accommodation need in Guildford borough Local Plan Policy S2. However, we have allowed for a small degree of headroom as an appropriate level of supply over and above the minimum requirement to ensure that the total identified traveller accommodation need in Policy S2 can actually be delivered over the plan period. The headroom provides flexibility to adapt to change, as required by the National Planning Policy Framework (NPPF), should sites not be delivered as planned.
- 8.4 Further flexibility has also been provided to meet any future arising traveller accommodation needs through the Local Plan policy H1: 'Homes for all' requirement to provide pitches or plots on development sites of over 500 homes whilst an identified need remains.
- 8.5 Since the start of the plan period 2017 to 31 March 2023 33 pitches (net) have been granted planning permission or have extant permission. There has been the loss of 1 pitch. Of these, 18 pitches have been completed within this period. Over the next 5-year period there are 15 pitches that are considered deliverable. The need for pitches for Gypsies and Travellers who meet the planning definition of traveller in PPTS 2015 in both the short and longer term, is

therefore being met. The provision of pitches for Gypsies and Travellers of unknown planning status or who do not meet the PPTS planning definition of a traveller are also being addressed.

- 8.6 Planning permission has been granted for 6 new Travelling Showpeople plots, and a detailed planning application for this site is pending. This site is anticipated to come forward in the 1-5 year period, which will help meet the need for Travelling Showpeople plots.

9. Discounted sites

- 9.1 Sites considered for traveller accommodation but discounted are listed in Appendix 3.
