Non standard times	One day event.
A) General - all four licensing objectives	We have taken measures to ensure the safety of all guests as detailed below, as well as considered the nuisance this event would potentially cause to the local area. We will ensure the below safety measures are circulated to the team working on the day, and the relevant pieces shared with families attending.
B) Prevention Description	We will ensure to alert the authorities of any illegal activity immediately at the event by calling the police. We know everyone at the event as the day is strictly ticketed (due to safeguarding), there are staff members on the door who have strict instructions to not let anyone

	<p>else in. We do not have CCTV at the property as this is charity policy in line with safeguarding/working with vulnerable children/photo permissions and the nature of our work however, we will have around 30 volunteers on hand throughout the day to ensure the prevention of crimes or inappropriate behaviour. If something does occur this will be escalated quickly and efficiently. No glass will be used on the property. We will ensure the capacity of the event does not exceed 800 people, not all these people will be at the event at one time. We held a successful and safe event last year with 450 people and had a huge amount of space left. GMES have opened up their field again so there is not chance of overcrowding. In addition, most people are not at the event at one time.</p>
<p>C) Public Safety Description</p>	<p>We have a fire risk assessment of the property and will ensure to implement any control measures if necessary. The event is mostly in an open field, so likelihood of being trapped by the fire is low. Measures have been put in place to ensure disabled people can move about freely, and in case of fire can escape easily. Our property is fully accessible. There will be an unmanned first aid tent with resources for parents to help themselves to anything needed, in a more serious medical emergency several members of the team present are First Aid trained (but would call 999 as a priority). There will be no special effects used on the stage, except use of a bubble machine! Free drinking water will be available at all times. A chill out area is available to all. The event will have a no smoking policy. Seating will be provided for approximately 100+ people at one time, however the event is a picnic style event where guests are asked to bring their own camping chairs/blankets. Volunteers are all dressed in the same uniform (orange), easily identifiable and aplenty - they are on hand to help anyone if needed. Food hygiene ratings will/have been gathered for external food providers.</p>
<p>D) Public Nuisance Description</p>	<p>We will keep music down to a reasonable level, and only between the hours of 9am-6pm (with event taking place over 10.30am-4pm). We would only be playing music before 10.30am for sound checks, and there may be some background music after 4pm while we pack down. We will alert our neighbours of our plans, and in previous years have been very happy for the event to go ahead. GMES are helping at the event and opening up their field to support the day. We have organised off site parking so Stoke Park is not heavily affected. We will ensure litter is disposed of correctly, and surrounding area left as we find it and pick up any litter left when entering/exiting the property. Bins are used at the event. There will be a BBQ running for some of the day, but the food station is not near other properties therefore any food odours are not affecting others.</p>
<p>E) Protection Of Children Description</p>	<p>Our primary job as a charity is to keep children safe from harm. We run play schemes every day for disabled young people. Present at the event will be many</p>

members of the service team, including our Health and Safety Manager, and our Designated Safeguarding Lead. All our staff are trained to spot safeguarding concerns, and step into situations where a child is at harm. Every part of this event has been arranged considering the safety of the children and young people present. The event is ticketed and we have staff members on the door to ensure unwelcome guests cannot get into the event, as well as a wristband system. No alcohol will be sold or drunk at the event. We have a rigorous risk assessment of the event to ensure usual risks are covered. There will be no tolerance to any crime, such as drug taking, there will be no strong language/expletives/adult entertainment at the event. For the raffle, only those age 18 and up can partake in this (ID required if the person looks near this age)- all volunteers are notified of this. Children will always be accompanied by a responsible adult at this event.

Personal Alcohol Licence Holder

Full Name

Address

Which Authority is the proposed DPS licensed by?

Customer Comments: This license is for a one day event (Saturday 20th June 2026), purely as we would like over 500 people at the event. The event is Orange Aid - a family friendly festival hosted for the local families of disabled children, by the charity Challengers. Thank you for considering!
