

# Orange-Aid Site Plan Document

Image A - Perimeter of Premises/Event

Red - Perimeter of Event, taking place over whole this area.

Orange - Challengers site.

Blue - GMES site, GMES are opening up their field to support the day and so we have more space. Challengers are the event organisers.

# Orange-Aid Site Plan Document

Image B - Location of Building (open for event). Green box.

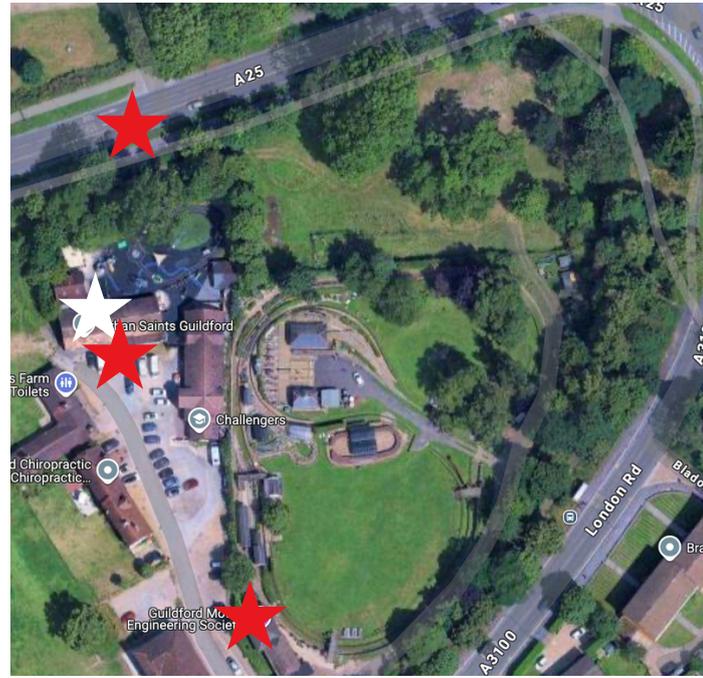

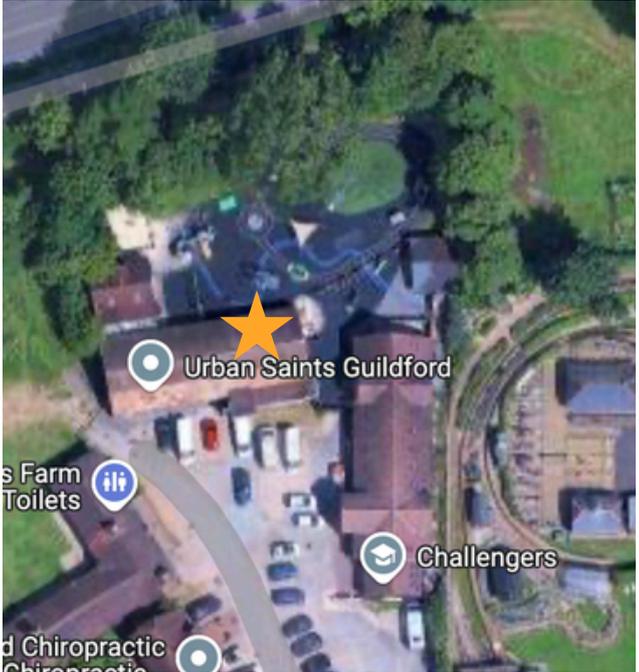

# Orange-Aid Site Plan Document

## Image C - Location of Entrance/Exits

Zoomed in photos for ease. To show only entrance and exit that will be used if not an emergency. Orange star, there is an outside gate between 2 separate buildings here.

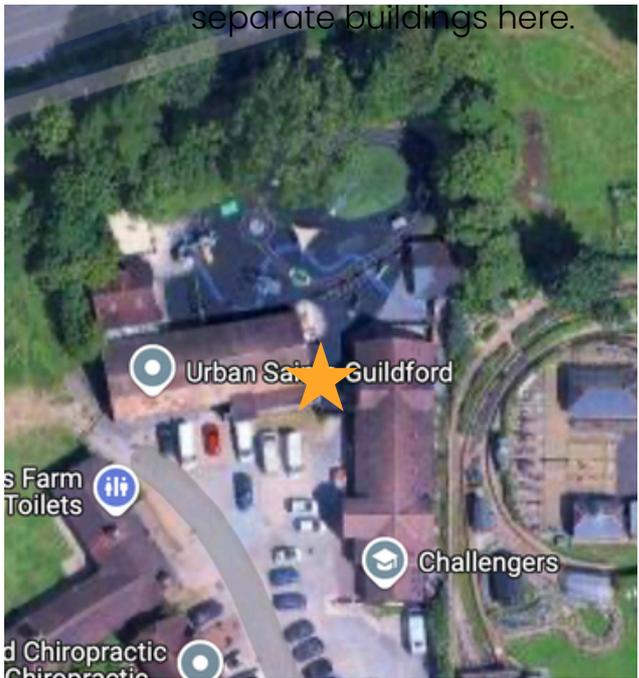

If an emergency, you can exit at the other following locations (shown as red stars)

## Image D - Location of Entrance/Exits

Zoomed in photos for ease. To show only entrance and exit that will be used if not an emergency. Orange star, there is an outside gate between 2 separate buildings here.

If an emergency, you can exit at the other following locations (shown as red stars)

# Orange-Aid Site Plan Document

## Image E – Fixed Structures

Playground – Purple square, Model Engineering train tracks – green line  
Both structures could be easily navigated in case of emergency. The playground is well spread out, the train line is very easy to get off. The trains are very slow and safe.

# Orange-Aid Site Plan Document

Image F - Location of stage/live music

The staging will height will vary from 30cm to 60cm. Shown with white square.

# Orange-Aid Site Plan Document

Image G - Location of stairs or lifts
