

POPEYES GUILDFORD

Popeyes operates to ensure that their operations do not impact the main concerns associated with restaurants and take-aways such as;

-  Noise from patrons or delivery vehicles
-  Litter dropped by patrons.
-  Cooking smells.
-  People congregating after late-night drinking, where there is a small associated risk for violence and anti-social behaviour to occur as a result.

Much of the late night concerns are caused by alcohol led premises. Popeyes has a number of measures in place to support the licensing objectives. For instance Staff Safe which provides a CCTV and two-way radio link to Police. And the 'Order Ready' button which is only pushed when the delivery bag is stapled and ready for hand-over. This prevents riders from waiting near the premises for orders.

In addition, the Proposed conditions below have been designed to promote the Licensing Objectives and to further minimise any cumulative impact considerations. will do everything to ensure that staff are adequately trained to run a safe, ordered and family-friendly restaurant.

1. A CCTV system with recording equipment must be installed and maintained at the premises and operated with cameras in positions agreed with the Police. All recordings used in conjunction with CCTV must:
 - Be of evidential quality in all lighting conditions;
 - Indicate the correct time and date; and
 - Be retained for a period of 31 consecutive days.

A member of staff trained to use the system must be on duty at all times licensable activities are taking place, as the recorded images must be available for inspection immediately upon request to all officers of Responsible Authorities. A system must be in place to provide images for uploading upon request to the Police. There must also be adequate portable hardware (such as compact disks or USB storage devices) at the premises, as the recorded images must be available for downloading immediately upon request to officers of other Responsible Authorities.

2. All images downloaded from the CCTV system, must be provided in a format that can be viewed on readily available equipment without the need for specialist software.
3. An incident/accident book or electronic record will be kept to record all instances of disorder, damage to property and personal injury at the premises. Such records are to be made available for inspection and copying by the Police and other officers of Responsible Authorities immediately upon request, and all such records to be retained at the premises for at least 12 months.

5. All areas of the premises, that the public have access to, must be 'glass free' at all times the premises are open to the public.
